Give us your big metalworking process headache

In 4 to 6 hours, and in partnership with Walter USA, we'll:

- In partnership with Walter USA, we will assess your part processing with a technical Walter expert.
- Analyze your existing processes by leveraging the manufacturing knowledge of Walter's technical experts (e.g., cutting data and machining strategies) and the latest innovations in metal cutting.
- Review your current process for optimum tool selection, cutting methods, and machining strategies.

20% better — guaranteed

We're so confident that we'll find you a 20% process improvement that we guarantee it. If we can't, we'll provide you with a tooling voucher from Walter worth \$500 at list price. This voucher must be utilized through Tooling Associates.
